Subject: RE: Delta Shipyard (06GC) -- Seggested Phone Call to M.r. Brian L. Buniva (Senior Director Environmental Health & Safety and Senior Counsel, Sequa Corporation)
Date: Tuesday, July 09, 2013 12:09:39 PM

I spoke with Mr. Brian Buniva at 11:45 am on Tuesday, July 9, 2013. He said he would need to contact Mr. Bill Malley with Strasburger because Mr. Malley had helped out with the 104(e) response, and Mr. Buniva did not know the answer to my question. He will get back to me when he gets the answer.

Subject: Delta Shipyard (06GC) -- Seggested Phone Call to M.r. Brian L. Buniva (Senior Director Environmental Health & Safety and Senior Counsel, Sequa Corporation)

Amy,

Regardless of Mr. Buniva's response to your phone call, do you want me to follow your call with an additional request to Chromalloy American Corporation, C/O Sequa Corporation for information about this particular subject?

07/08/13

11:33 am – Called Amy concerning needed call to Brian L. Buniva (Senior Director Environmental Health & Safety and Senior Counsel, Sequa Corporation) at 845-230-7374 (Direct Line) concerning the following comment extracted from Sequa's 104(e) response, dated 12/12/2012 , for Chromalloy American Corporation .

Question # 9: Please identify the names of all business entities to which DS had provided boat and barge cleaning and repair services at the Site.

Response # 9: Upon information and belief DS did perform boat repair services for an entity known as Tidewater, Inc., believed to have been located in Louisiana.

Suggested question for Amy to present to Mr. Brian L. Buniva: What is the information, documentation, and/or names of persons having personal knowledge that caused Sequa to respond that "Upon information and belief DS did perform boat repair services for an entity known as Tidewater, Inc., believed to have been located in Louisiana." Need named of persons
